

Norton MeshPower Aluminium Oxide Self-Grip Sheets Mesh sandpaper sheets selfgrip 70x198mm Gr320 Norton MESHPOWER

Artical Number: 69957326286

EAN:

SizeDerived: 70x198mm

Description

An alternative to traditional perforated paper sheets, Norton MeshPower is a multifunctional abrasive, designed with thousands of holes, created by the unique mesh matrix structure. This hole structure allows dust extraction in any application.

Features & Benefits

Good performance on primer, filler, paint, lacquer, fibreglass, aluminium, gel coat and plastic in panel repair, spot repair and bumper repair on used or new panels. Use by hand or with a machine

Mesh backing enables excellent dust extraction, for a cleaner working environment and less clean up time

No-Fil® technology is applied to the abrasive grain for longer product life and a consistent cut for the entire life of the product

No-fil® technology prevents clogging for longer product life

Abrasive can be used wet or dry for the perfect results

Can be used wet or dry

No defined hole pattern, saves time and effort aligning holes, just apply, and go

Self-grip backing for a quick and easy disc change

Can be used on many materials, flat and contoured surfaces, by hand or machine

No defined hole pattern for fast, easy alignment with the back-up pad

Application Data
